The **balcony** faces SW, and catches plenty of sun in the afternoon from mid January onwards. It also has a stunning view across the valley to the mountain forests and the Nyon / Pleney ski slopes.

## Surroundings

The apartment is accessible by car without snow chains in most conditions, although we recommend that you bring snow chains with you - just in case. The access roads and areas around the apartment are regularly cleared of snow as is the access route to our garage. The apartment also has a downstairs ski locker.

View from balcony along Nyon Cablecar

The Nyon ski lift departs only a few yards from the apartment, which takes you to the Nyon sector of the Morzine - Les Gets ski area. From here you can ski down to either Les Gets (with access to the Mont Chery ski area) or to Morzine village.

Alternatively, the regular ski bus leaves from just outside the apartment, taking you directly to the centre of Morzine lifts and bus connections. At the end of the day, the slopes will bring you back to within a few yards of the apartment. Snow making equipment has been installed on the return piste, which should guarantee access in early and late season.

For eating out, there is a restaurant/bar situated only a few yards away. There is also a wide selection of restaurants in the village. Morzine also offers a superb assortment of non-ski activities for any non-skiers in the party, or why not simply take a day off from skiing and enjoy the wonderful surroundings.
